Executive Report

University of North Texas System Board of Regents, Audit Committee To:

From: Desiree K. Ramirez, CCEP, CHC, Executive Vice President, Chief Integrity and Privacy Officer

Dept.: University of North Texas Health Science Center at Fort Worth Office of Institutional Integrity

During the first quarter there were over 350 visits to the Code from more than 284 unique visitors, marking a sustained daily visitor increase across reporting periods. Additionally, more than 21% returned to the Code during this reporting period, a continued increase over the first (16%) and second (17%) reports. 91% of new hires completed the Code's Certification of Commitment.

It was also noted that the Code of Culture continues to help connect employees to policies. 31 policies were accessed during the quarter with Employee Ethics and Standards of Conduct, Student Code of Conduct, and Non-Retaliation continuing to be amongst the top 5 accessed.

<u>Investigations of Misconduct</u>

The compliance and integrity program must have an efficient and trusted mechanism by which employees and students can anonymously or confidentially report allegations of a breach of the company's code of conduct, policies, or suspected or actual misconduct. HSC encourages employees and students to report any suspected compliance concerns. FY24 first quarter yielded 8 Trustline calls. Six issues were closed, 1 currently under review by the Office of Integrity and 1 under review by the UNT System Office of Equal Opportunity.

The Office of Integrity is in the implementation phase of a case management software as continuous improvement to our investigations process. This software will assist with streamlined investigation reports, documentation, workflow and analytics.

Analysis and Remediation

Integrity and Awareness staff are currently completing Root Cause Analysis Training. This training will assist us to proactively identify risk and create education and training for emerging and trending issue from investigations and reporting.
